

Software Setup Guide

Internet Entrepreneurship

Required Software

- Browser: Google Chrome (latest version) or Mozilla Firefox
- Microsoft Excel or equivalent — Google Sheets (browser-based)
- Access to a Google Account (for Google Docs, Sheets, and Slides)
- Messenger: WhatsApp or Telegram (for communication with the teacher)

For Completing Homework

- Website / landing page builder: Tilda.cc or Wix (free plan)
- Social media: Instagram / Telegram channel / YouTube (for publishing posts and projects)
- Presentation editor: Canva (canva.com) or Google Slides

Optional (Recommended)

- Video conferencing: Zoom or Google Meet (if classes are online)
- Notes app: Notion or Google Keep for keeping study notes

All core course tools are free and browser-based — no additional software installation required.
