- 5** Choose the destination folder where WeDo 2.0 will be installed. The default path is recommended — simply click Next.

The screenshot shows a Windows installation window titled 'Setup - WeDo 2.0 version 1.9.738'. The main heading is 'Select Destination Location' with the subtext 'Where should WeDo 2.0 be installed?'. In the top right corner is the LEGO Education logo. The text below states: 'Setup will install WeDo 2.0 into the following folder. To continue, click Next. To choose a different folder, click Browse.' Below this is a text box containing the default path 'C:\Program Files (x86)\WeDo 2.0' and a 'Browse...' button to its right. A note at the bottom left says 'At least 663.1 MB of free disk space is required.' At the bottom of the window are three buttons: '< Back', 'Next >' (highlighted in blue), and 'Cancel'.

- 6** Choose the Start Menu folder name for the program's shortcuts. Leave the default value and click Next.

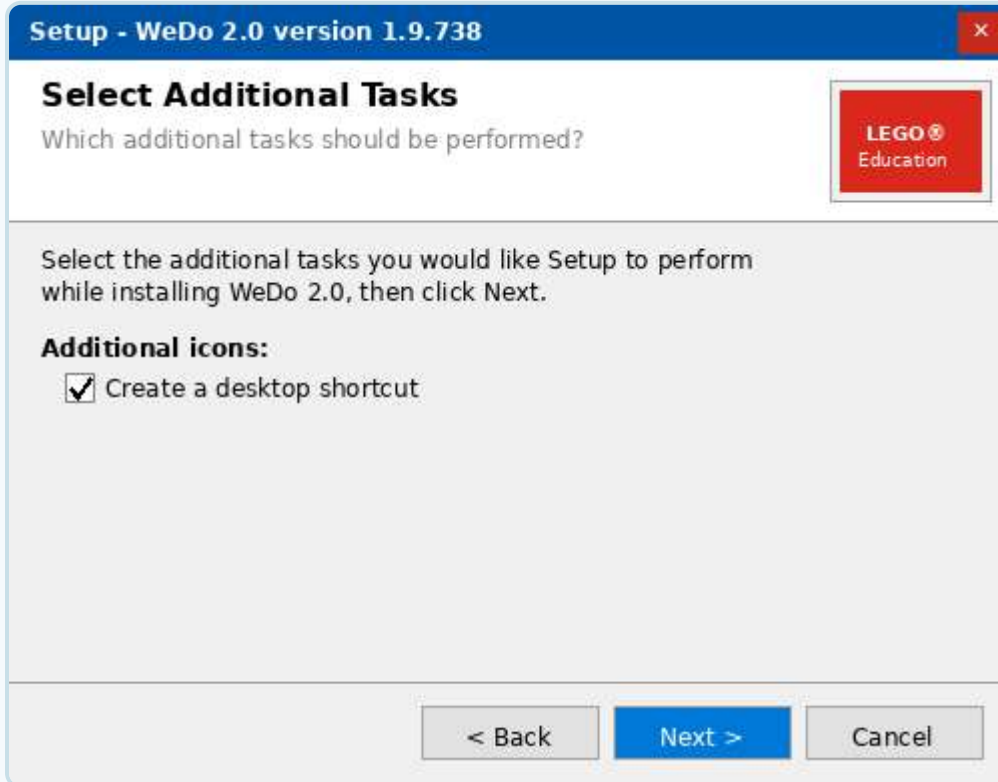

The screenshot shows the same installation window, now at the 'Select Start Menu Folder' step. The subtext is 'Where should Setup place the program's shortcuts?'. The text below states: 'Setup will create the program's shortcuts in the following Start Menu folder. To continue, click Next. To select a different folder, click Browse.' Below this is a text box containing the default value 'WeDo 2.0' and a 'Browse...' button to its right. At the bottom of the window are three buttons: '< Back', 'Next >' (highlighted in blue), and 'Cancel'.
